

Decorative Glass Options

Nine pattern glass choices available on any Elevated Entries iron door. All patterns can be paired with our Standard or Upgraded Low-E for the insulated glass unit — performance ratings on the Finish & Glass Spec Sheet.

Clear

Clear

FULL TRANSPARENCY

Maximum light. No privacy. Standard on most orders unless a pattern is specified.

Flemish

Flemish

TRADITIONAL TEXTURE

Wavy vertical distortion. Popular for traditional and transitional homes. Moderate privacy.

Rain

Rain

VERTICAL STREAMS

Reeded vertical pattern. Contemporary look, strong light transmission, medium privacy.

Aquatex

Aquatex

HAMMERED PEBBLE

Small pebble texture. Diffuses view while keeping the door bright. Medium-high privacy.

Water cube

Water Cube

FACETED GEOMETRIC

Bold angular pattern. Modern statement glass. Strong obscuration with good light.

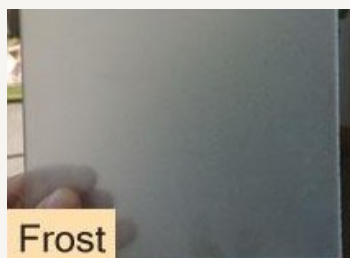

Pear

Pear

FINE-GRAIN FROST

Delicate all-over frost. Even light diffusion. Medium privacy, clean modern look.

Frost

Frost

FULL ACID-ETCH LOOK

Uniform smooth frost. High privacy while still letting light through. No visual pattern.

Tea

Tea

BRONZE TINT

Warm smoke tint. Reduces glare and adds an amber cast. Medium privacy.

Mirror

Mirror

ONE-WAY REFLECTIVE

Mirror-finish exterior for daytime privacy. Best paired with well-lit interiors.

HOW TO ORDER PATTERN GLASS

Note the pattern name on the quote sheet under "Glass Option". Pattern glass is always paired with our standard Low-E IGU unless upgraded. Ask your rep for physical samples — photos are reference only and can vary with lighting and background.
